

CAPABILITY STATEMENT

About us

Annika Demasi founded Demasi Consulting in November 2013. Annika is a highly experienced and well-regarded consultant who has provided a wide range of injury and risk management, occupational health and wellbeing, and preventative services at strategic, educational and operational levels.

Annika continues to engage in service delivery and she works with highly skilled associate psychologists, counsellors, human resource specialists and injury management consultants. The Team at Demasi Consulting are trusted for their ability to listen to expressed customer requirements, develop rapport, and deliver quality services in accordance with agreed human and financial outcomes.
